

# Flipping burgers ain't what it used to be.

## Stop flipping burgers. Start flipping coins.

Garland, a pioneer in 2-sided cooking technology, proudly introduces the **New Xpress Grill**. The latest in a long line of innovative cooking solutions, the Xpress Grill is born of Garland's experience in automated, 2-sided grilling technology for major chain operations. Available in gas and electric configurations, and a choice of 24" and 36" widths, the Xpress Grill is perfect for any application where high-volume, high-efficiency grilling is the key to profitability.
